

Welcome back to Home schooling Year One! 😊

As always, it is not necessary to print out all of these slides so please read them through carefully so you can decide exactly which are needed as a paper copy.

Thank you.

Session 1

OMS:

Can you say this number?

WALT: Identify numbers as objects and pictorial representations.

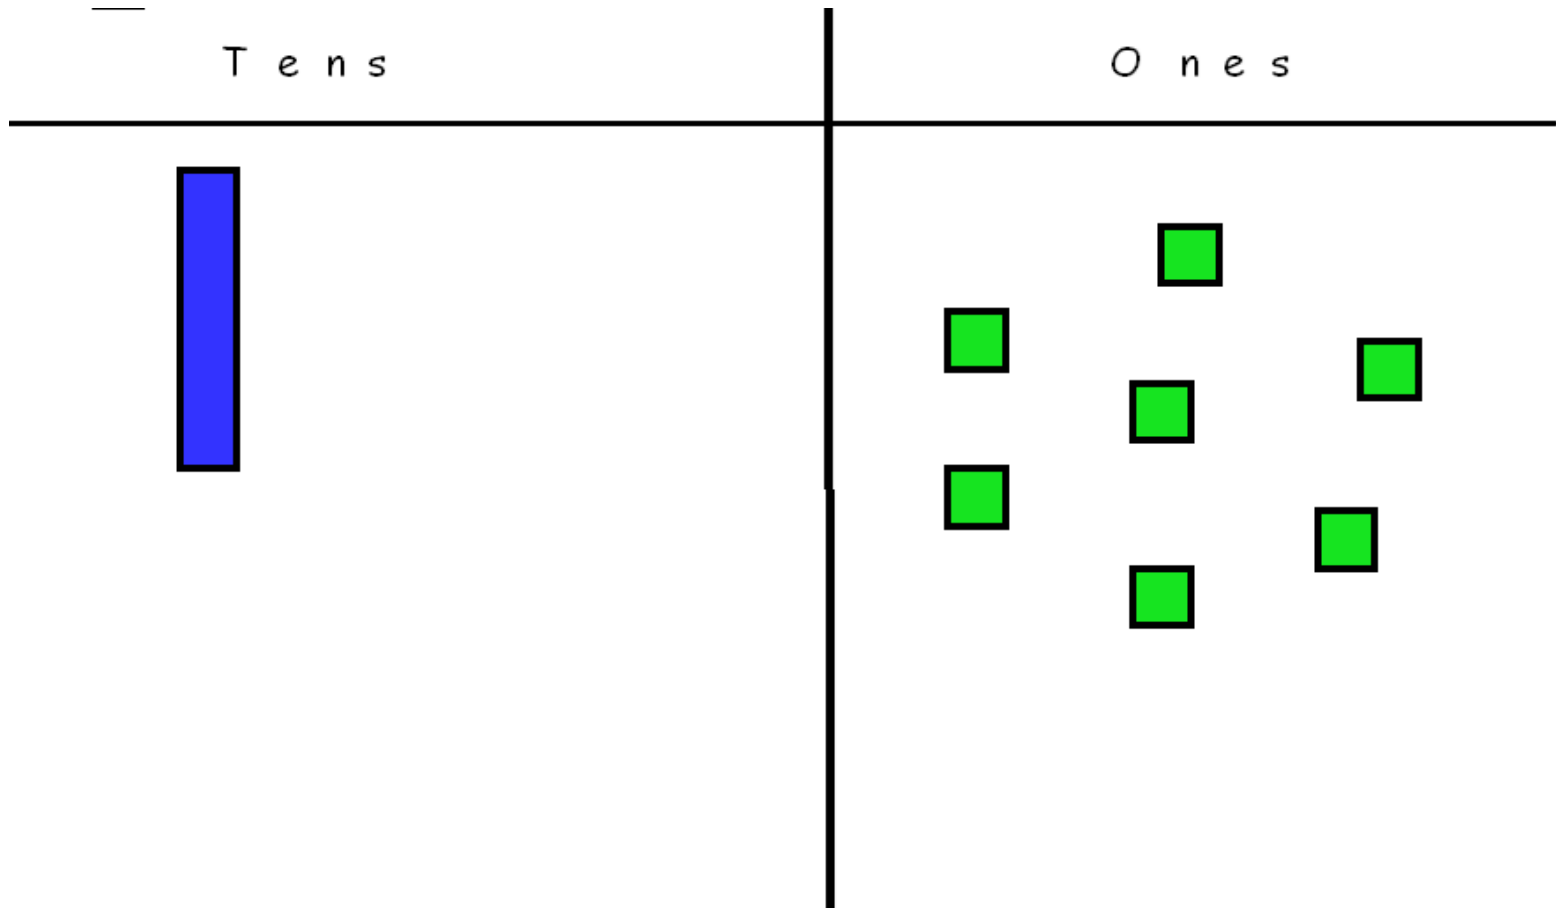

8

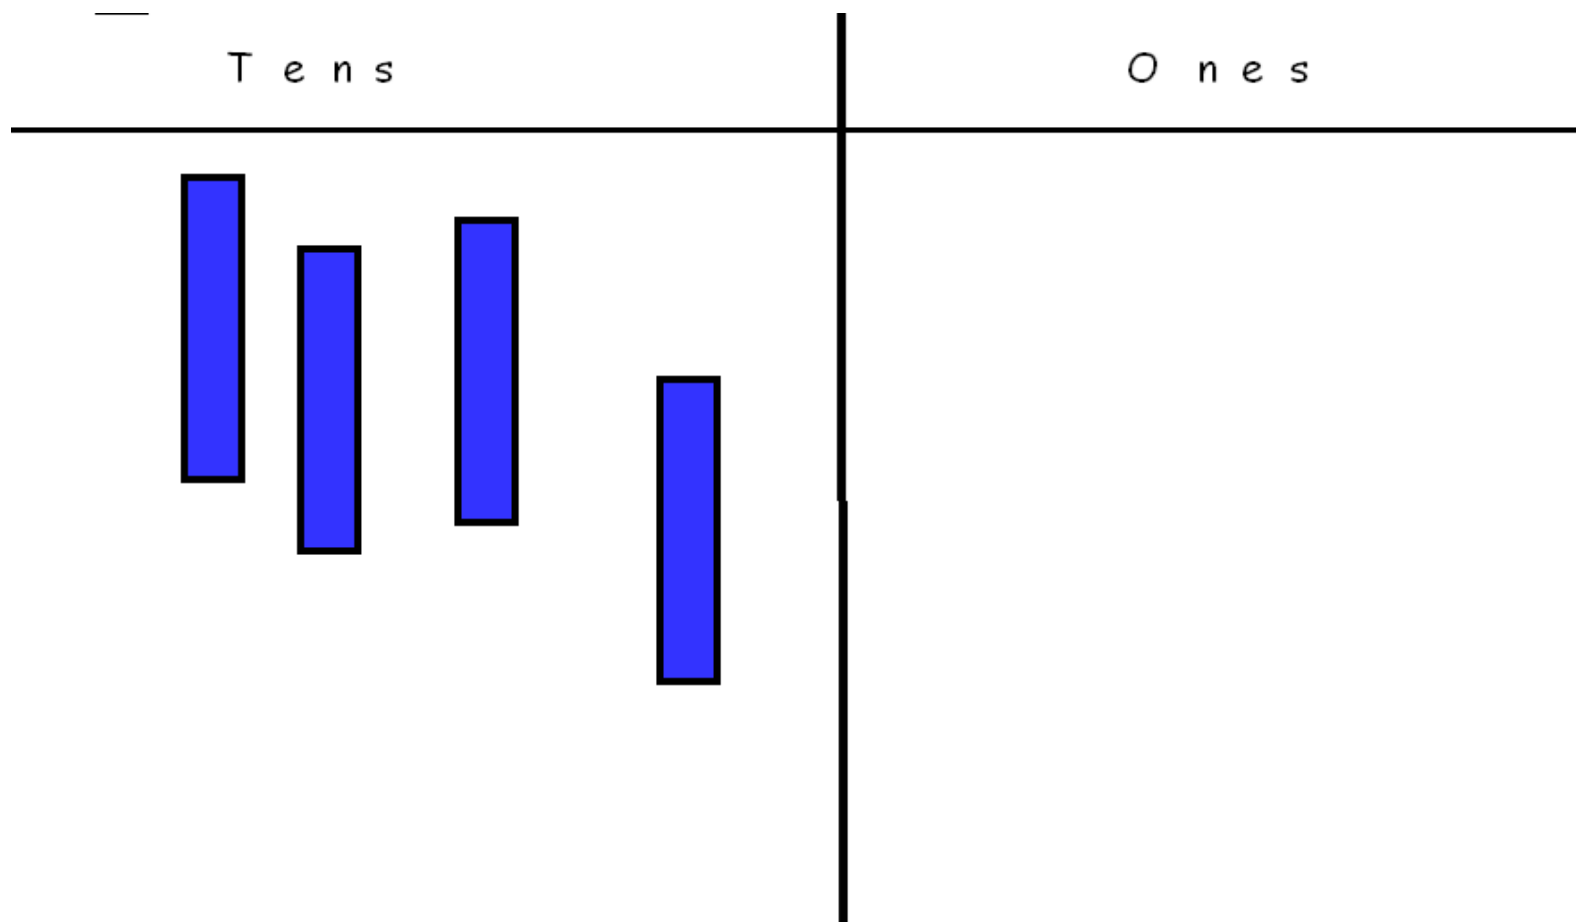

What is the number?

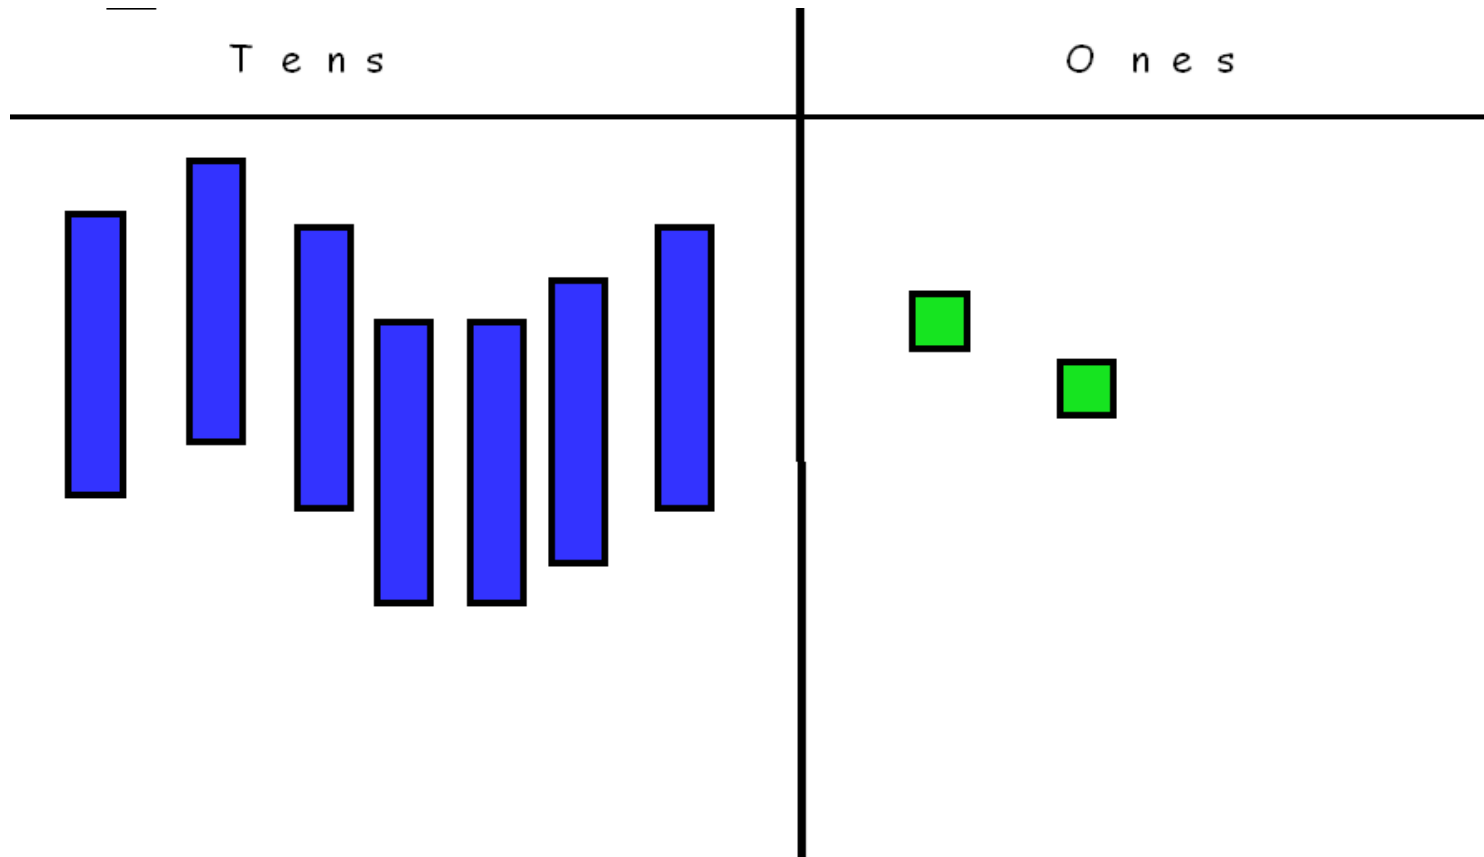

10

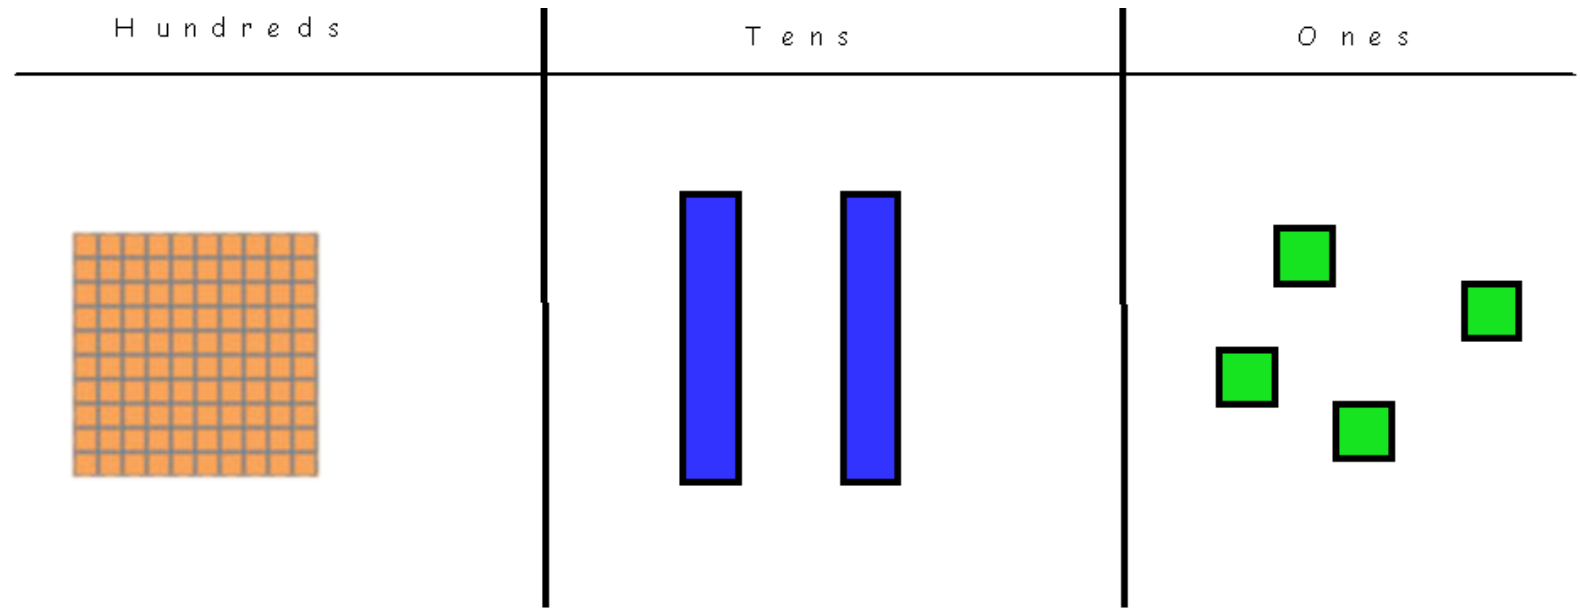

What is the number?

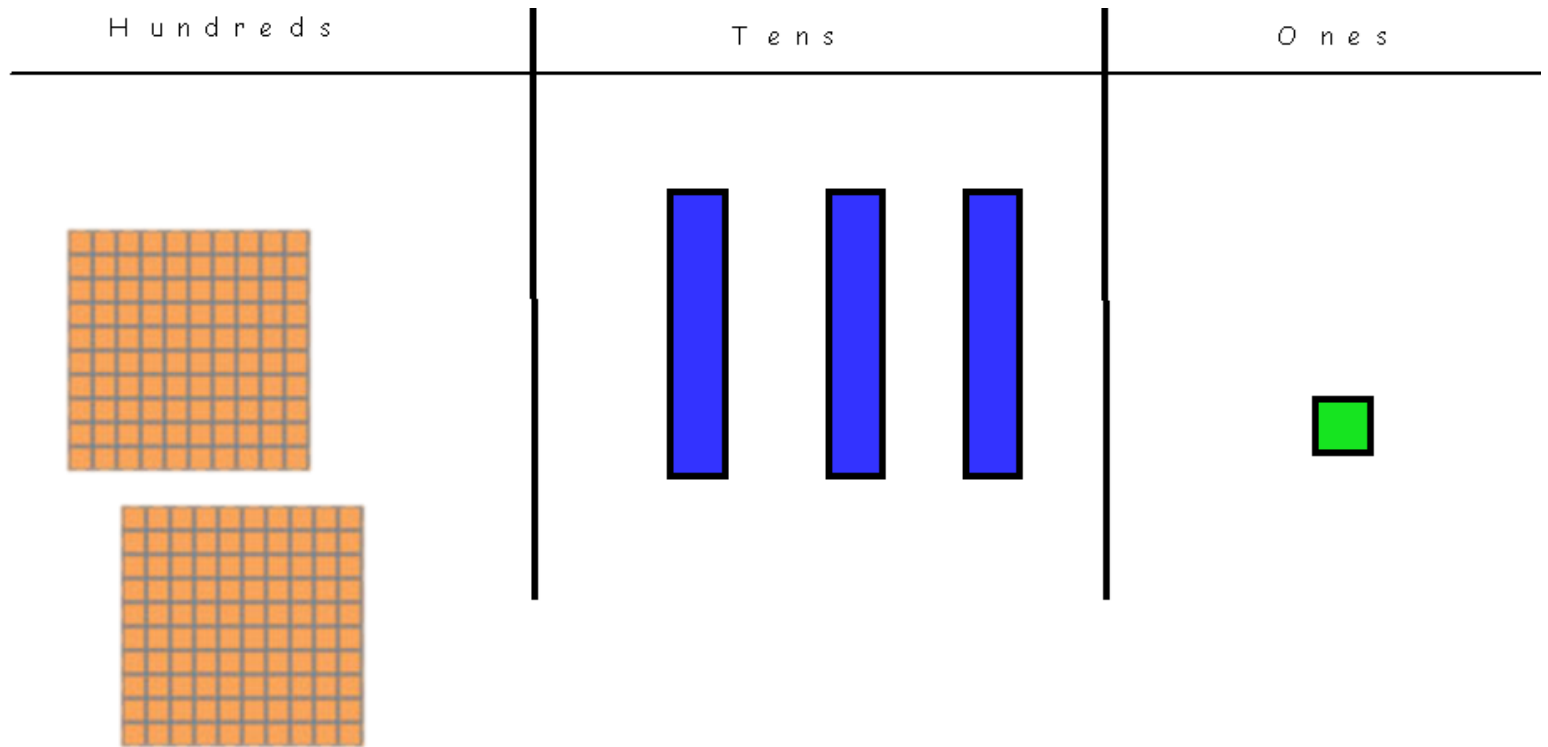

What is the number?

What is the number?

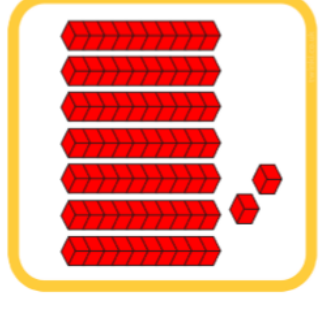

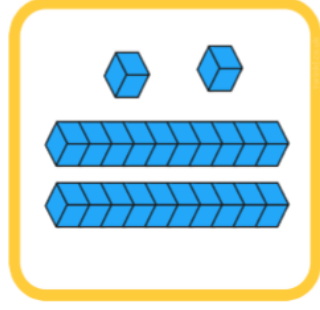

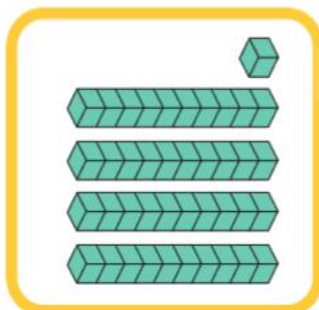

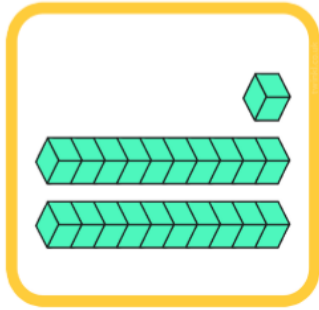

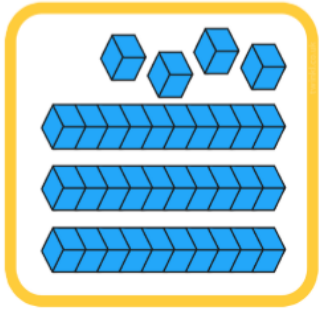

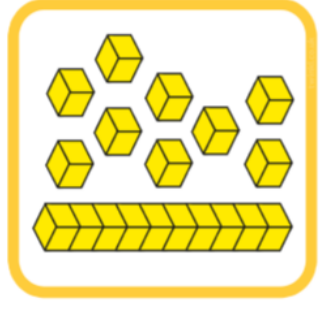

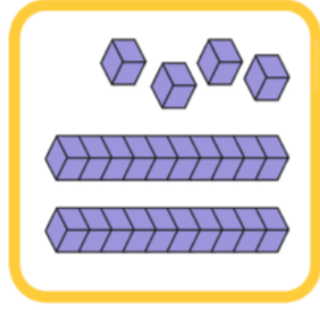

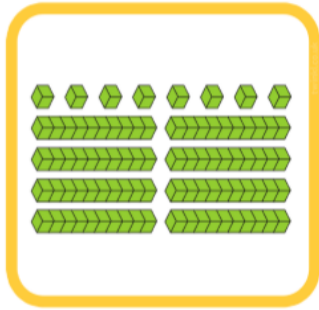

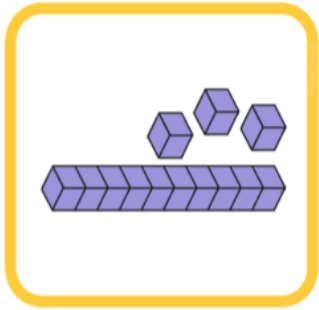

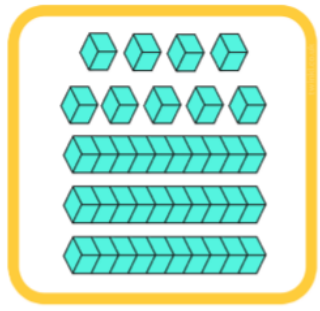

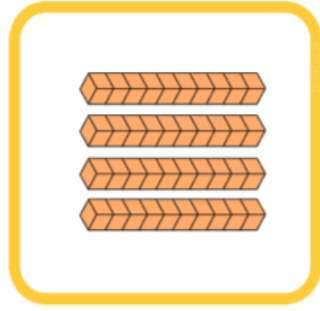

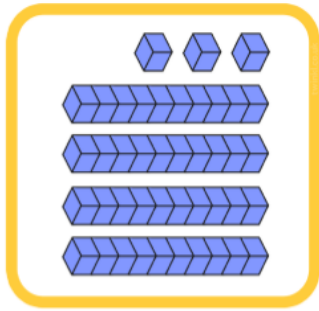

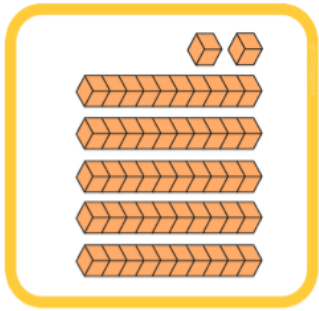

What is the number?

What is the number?

WALT: Identify numbers as objects and pictorial representations.

Cut out the cards below and match them to their partner on the next slide. If you want to make it trickier you could play with someone else in your house. Turn them all over and take it in turns to remember where the matching pairs are. The person with the most matching pairs is the winner!

Plenary: What Number?

I'm thinking of a number.
One less than my number is
12. What is my number?
