

Happy Thursday Year One! 😊

As always, it is not necessary to print out all of these slides so please read them through carefully so you can decide exactly which are needed as a paper copy.

Thank you.

Plenary:

Ask a grown up in your house to think of a number between 0-30.

You are allowed to ask them ten questions to find out their number.

What would be good questions to ask to eliminate the most numbers?

Cross out the numbers as you go.

*You are not allowed 'Is it ...?' questions!
